## A Generation's Advance 1929 ★

FOR about forty years Summit Nurseries have been growing and selling trees. The progress we have made in that time has been due to the fact that we have handled only the best varieties available and have grown them in the best possible manner. It is, therefore, with considerable pride that we point to many of the record-producing groves in the Southern and Southwestern States as having been planted with "Trees grown by the Summit Nurseries."

We take pleasure in presenting you with our 1928-29 Price-List. You will see that we are still handling only such varieties as have been shown to be thoroughly adapted to the South and Southwest. The new varieties added have been thoroughly tested and are up to the high standard set for Summit Nurseries products.

### General Information and Terms of Business

**Location.** Our General Office and Nurseries are located at Monticello, in Jefferson County, Florida, and may be reached by the Seaboard Air Line, the Atlantic Coast Line Railways, and four state highways. We have telephone and telegraph service.

**In applying prices** for 5, 50, and 500 trees of one class, the 10, 100, and 1,000 rates, respectively, will be used.

**Terms cash** on orders for immediate shipment. Orders booked in advance of shipping season must be accompanied by 25 per cent of the amount of the order. We do not wish to ship C. O. D., when avoidable, unless order for such shipment is accom-

panied by 25 per cent of the total amount of the order. For trees to be shipped by **Parcel Post**, add 25 per cent to prices to cover extra packing and postage.

**Shipping instructions** should be full and definite as to name and address of customer, to whom, where, and when to ship, by express, freight, or mail. These instructions should be plainly written to avoid possible errors. It is our desire to please our customers in every way and we wish their co-operation to this end.

**We guarantee** our nursery stock to be well grown, true to name, and properly handled and packed. It must be agreed that our liability under this guaranty of stock is limited in amount to the original price received for the stock in question. Our responsibility for delivery ceases when we have delivered the stock, in good condition, to the transportation company or carrier and have obtained their receipt for same. Any claims for error should be made promptly within five days of receipt of stock.
